

# TUESDAY TECH TIPS

A weekly update of real estate related tech news and tips

## Need a change?

If you are a real estate agent in the Danville, San Ramon, Alamo, Diablo and Dublin area and you'd like to work with a broker that "gets" technology, come and talk with me!

I am the manager of Berkshire Hathaway Home Services Drysdale Properties offices in San Ramon and Danville. Let's explore the possibilities!

## The Blog

For the past 9 years I have been publishing a weekly blog for real estate professionals. Each week I find some new app, software program or some new gadget that I think will be helpful to you in your business. Occasionally, I slip in a little sales training that I think you would find useful too.

And on rare occasions I publish a rant about something that rubbed me the wrong way. Check it out:

## Need a new PC? Check this out!

Your NAR membership comes with some pretty good benefits. One of which is a partnership with Lenovo. Lenovo is the Chinese company that bought IBM's laptop business some years back. If you are a die hard Windows computer user, then you probably can't go wrong with buying a Lenovo computer.

But you have to move fast! Here is the info from the NAR [realtor.org](http://realtor.org) website:

### Great Deals From Lenovo

Take advantage of exceptional deals up to 30% off on Lenovo's award-winning ThinkPad® notebooks; highly acclaimed IdeaPad multimedia notebooks; IdeaCentre and ThinkCentre desktops; and accessories.

Free ground shipping is also available on all web orders.

### Special Offers

Now through **May 31**, NAR members receive instant savings on select computing technologies, including PC desktops, laptops, tablets, and accessories.

*Individual program eligibility is subject to state and territory availability, and active NAR membership. See partner site for details, terms, and conditions.*

Lenovo makes good equipment and Windows 10 has matured as an operating system so these should be good buys.

On the other hand, take a trip to the nearest Apple store and check out their line of computers if you want a no brainer computer that will do it all.
